PRETTY POSIES Blossom Box

The Land of the Rising Sun inspires floral artist Megha Arya's store and her creations

Ikabana, the Japanese art of flower arrangement and Zen gardens surround Megha Arya's 900 sq ft boutique Flower Box in Bengaluru. In the minimalist space designed by Farah & Dhaval of Fadd Studio, the scene stealer is an imposing bamboo veneer ceiling installation inspired by traditional, concentric Zen garden circles. Shaded walls hold within them delicate creations by Megha that urge you to boom bloom! ♦ **Chandni Sehgal**
