FARAH AHMED
Partner, FADD Studio, Bangalore

"My bedroom and the verandah outside are my favourite spaces in my home. It's where I hang out when I get home from work, where I get my alone time. The verandah looks out on to the garden like a patio, and there are beautiful plants here, off-white linen blinds and a comfortable couch. I like to take personal calls here, or relax with chai and snacks, and get some fresh air. It was designed with elements I like, like vintage lamps and soothing colours." ▶
